

MONROE DOCTRINE TO BE REAFFIRMED

Senate Will Be Called Upon to Issue Warning to Foreign Powers.

THE MAGDALENA BAY CASE

Committee Has Not Connected Japanese Government With Attempted Purchase.

Washington, July 30.—The vigor of the terms that the Senate shall use in declaring that no foreign country shall establish a naval base at Magdalena Bay or at any other point on the American continent will be the subject of consideration tomorrow by the Foreign Affairs Committee of the Senate.

Within a day or two, it is believed, the Senate will be called upon to pass a resolution stating its unequivocal terms that the Monroe Doctrine prohibits that no foreign power be permitted to secure a military or naval foothold in the Western Hemisphere. Senator Lodge, chairman of the committee, that investigated the rumors of a Japanese purchase of 500,000 acres of land on Magdalena Bay, will make a formal report tomorrow to the Foreign Affairs Committee, recommending that the United States reaffirm the policy known as the Monroe Doctrine in terms that cannot be misunderstood by any foreign power.

The Senate investigation began as the result of the report that a private Japanese selling syndicate was attempting to control a vast tract about the southern California bay, long regarded as the best naval base on the Pacific coast.

The correspondence submitted to the Senate in April and May by President Taft and Secretary of State Knox indicated that the United States had no information that Japan, as a government, was behind the attempted purchase, or that it intended to make use of the land as a military or naval base.

It is understood that the subcommittee, headed by Senator Lodge, has found no evidence of the connection of the Japanese government with the attempted purchase of the big tract of land in Mexico. To make the position of the United States clear, however, the majority of the committee will propose that Congress declare that this nation will not permit without a protest, the establishment of any foreign power at a point where it could threaten or endanger the safety of the United States. The subcommittee consists of Senator Lodge, Robert Sutherland, Rayner and Hickenbotham. It is understood that the committee has not agreed fully to the broad resolution the committee desires to adopt.

VACATIONISTS IN OCEAN ACCIDENT

Boston, July 30.—More than 500 returning vacationists from Maine resorts, went through an ocean accident off the New Hampshire coast and for and darkness early today when the side-wheeler City of Portland, from the Kennebec River for Boston, had not been reported in a collision with the cold. The vessel, a small tug, was seen about 10 miles off the coast, and the fact that the tug was alone and that the passengers were in the water, caused the passengers to be transferred to the tug.

A few of the passengers suffered minor injuries from the collision.

A steamer, mostly women and children, was seen about 10 miles off the coast, and the fact that the tug was alone and that the passengers were in the water, caused the passengers to be transferred to the tug.

It is the purpose of Mr. Carter to remain with the tug until the tug is able to return to the coast, at which time he expects to go to Hampton.

Mr. Carter succeeded in John J. Lloyd here when Dr. Lloyd refused to take up the work in the mountain districts of the Southern Division of Virginia.

THIRD PARTY GETS START IN VIRGINIA

Holds Convention in Roanoke and Names Delegates to Chicago.

Roanoke, Va., July 30.—After naming delegates to the Chicago convention, adopting a progressive platform and naming an executive committee the Virginia progressive party adjourned its first convention here tonight at 9:30 o'clock.

The meeting was full of intense fervor and seriousness of purpose, but entirely devoid of friction, fight or sensation. The first meeting of the progressive party in Virginia will go down in history as one of the most harmonious political gatherings ever assembled in this state.

The platform is entirely in accord with the principles outlined by Theodore Roosevelt, the father of the "Bull Moose" party. It declares for the initiative, referendum, and recall, for legalized primaries for the abolition of the fee system, for adequate pensions for the Confederate soldier and his widow, for the principal of home rule or the right of majority of the qualified voters to fix the form of city or county government.

For Woman Suffrage.

The suffrage of women is another plank in the platform. A plan wired to the convention by Mrs. B. B. Valentine, president of the Equal Suffrage League of Virginia, and one from Mrs. Allen Watts, of Roanoke, came late to insert in the party platform. These were read before the convention, however.

The platform and the party plan of organization were both adopted without opposition as were the reports of the committee on nominations.

The report of the nominations committee contained the following nominations, which were ratified by the convention.

Delegates at large—R. T. Thorpe, H. H. Whit, Thomas Lee Moore, J. B. Strauss, J. S. Browning, Walter Graham, R. R. Fairfax, E. S. Simpson, C. W. Surface, W. W. Moorman.

Alternates at large—K. C. Steiner, J. L. Ross, W. M. Peyton, R. S. Hoge, George W. Wilson, Colonel R. E. Murphy, V. Jesse and M. W. Dickinson.

District Delegates—First District—Henry Warden, alternate, E. W. Jones. Second District—J. Branch Johnson, alternate, W. H. Tompkins.

Third District—J. H. Powell, alternate, J. R. Lloyd.

Fourth District—H. C. Smith, alternate, Dr. J. B. Halligan.

Fifth District—C. W. Jones, alternate, J. J. Richardson.

Sixth District—S. O. Porter, alternate, G. O. Shuler.

Seventh District—W. S. French, alternate, Robert N. Flannery.

Eighth District—R. W. Brown, alternate, W. I. Boon.

Ninth District—E. H. Witten, alternate, J. I. Einstein.

Tenth District—E. J. McCulloch, alternate, J. M. Quisenberry.

County Delegates—First District—Edwin Brown.

Second District—Percy S. Stephenson.

Third District—John L. Grubbs.

Fourth District—J. B. Anglin.

Fifth District—R. S. Clark.

Sixth District—John N. Davis.

Seventh District—A. S. Woodland.

Eighth District—H. T. Einstein.

Ninth District—E. J. McCulloch.

Tenth District—J. H. Harman.

In the Third, Fifth, Eighth and Tenth Districts no electors were named. Following the nomination of the committee reported the nomination of Thomas Lee Moore, of Roanoke, as the State chairman of the party. Mr. Moore accepted the honor with an appropriate speech.

At the night session the temporary organization was made permanent. R. Thorpe, temporary chairman, being made permanent chairman, and J. I. Boehm permanent secretary.

At the morning session Thomas Lee Moore, national committee man and State chairman, delivered the opening address, which was well received.

Following Mr. Moore's remarks, the appointment of committees was gone into.

In the afternoon Mr. Thorpe delivered the "keynote" speech. Mr. Thorpe ridiculed the two old parties, the Democratic and Republican organizations. He characterized them as being dominated by money, and that the money is puppeted by great corporations, and whose chief concern in life is to hold their jobs by retaining a firm grip upon the party machinery. He devoted the greater portion of his speech to an arraignment of the old parties and a review of their "many" defects, as he saw them. He dwelt at length upon the history of both organizations, pointing out the defects in their administration, national and State. His speech also paid a high tribute to Theodore Roosevelt as a man and a great leader.

Following the announcement of committees, they went into session, and at the night session reported. The platform adopted declares for:

The initiative, referendum and recall. The legalized primary for all men seeking elective offices, whether State or Federal, the primaries to be conducted and paid for by the State and safeguarded in the same manner as the general elections.

Strains of old familiar airs floated through the air last night, and a large audience even listened to the strains of the old songs. The grounds were in the same old condition which was the only drawback to the initial performance, but used to the novelty of drawing over the huge clouds of dirt, hard as rocks, the audience escaped any serious accidents. Small boys, of inventive mind, put newspapers over the jumps and utilized them for seats. Until a heavy rain dissolves the ground and a narrow road the park will remain in its present condition.
